our
limit*

Origination

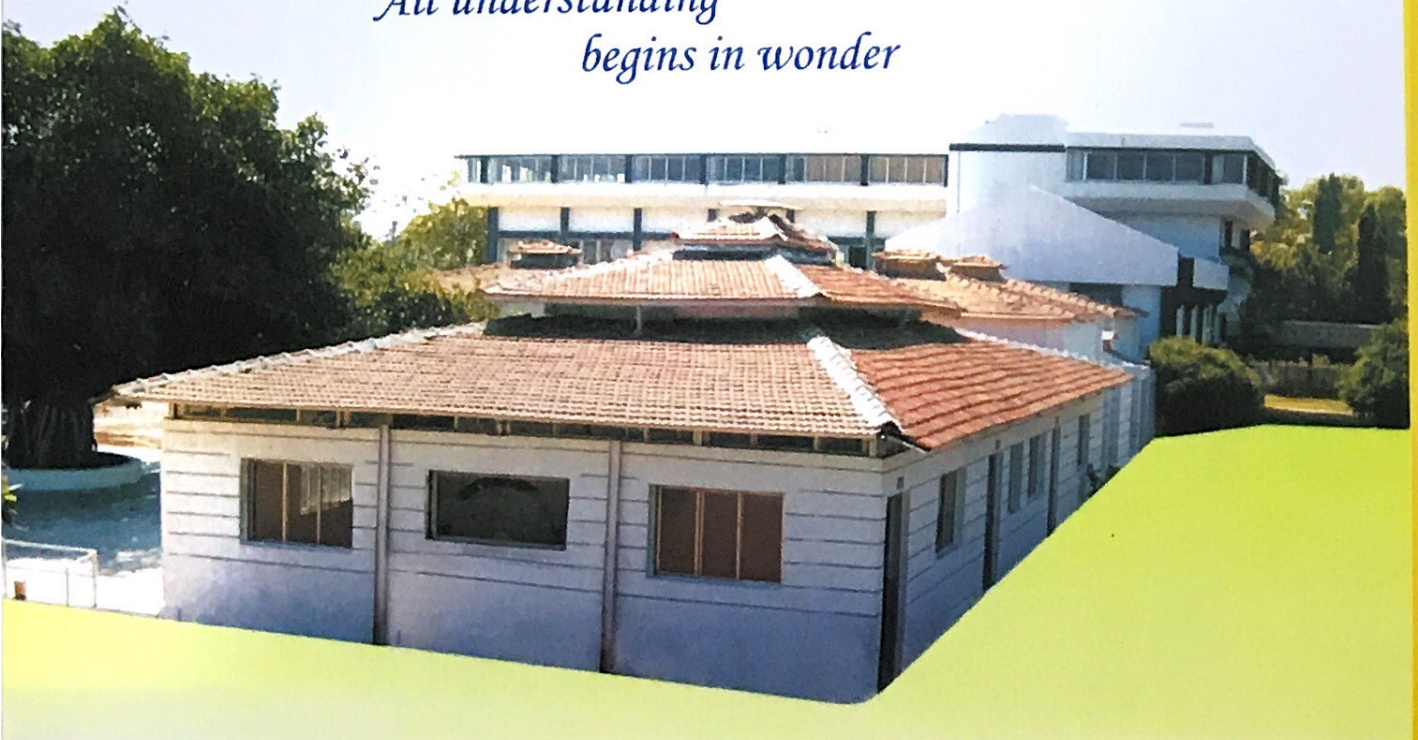

In the world of egoism and selfishness we still find benevolence and magnanimity. Lord Shree Swaminarayan has emphasized in his "SIKSHAPATRI" verse no. 32 to spread what we have attained to others. It's the good deeds that are portrayed after death.

This statement perfectly suits the great grandson of Honorable Shree Sagamalji Baid - Mr. Ajaykumar Baid and his consort Mrs. Aruna Baid, settled down at Umbergaon had the vision to develop this rural area with a CBSE School. Coincidentally they came in touch with Shree Swami Purani Keshavacharandasji of Shree Swaminarayan Shiksha Kendra, Salvav. This meeting was auspicious as they resolved jointly to start a new English medium school in this vicinity. Thus Shree Swaminarayan Vidyaveli Gyankendra School sprouted on 18th June 2001 with a motto to 'Educate They for Thy Future'. The school caters from pre primary to Twelfth (Science & Commerce) under CBSE Affiliation and aims to make every child Creative, Confident and Committed to spear head into challenging times by creating a new path to reach a meaningful destination leaving the foot prints on the sand of time.

*All understanding
begins in wonder*

Our vision - educate thy for thy future

Dr. APJ Abdul Kalam Honourable Ex. President of India with our Chairman & Managing trustee Shri Ajay Kumar Baid & trustee Smt. Aruna Baid during his visit to school.

We are in a unique place called "Earth". We developed it as a world with different cultures, languages & customs to divide it in so many countries. We the Indians have further divided it in the same manner but more with Ultra modern & deep rural. We have societies with Ultra rich and extreme poor. In between we developed Industrial towns with land and buildings but no social infrastructure. We miss schools, hospitals, training centers and even basic housing requirements at many places.

Umbergaon (Gujarat) is also a place with full of industrial activities but without much social infrastructure. We deeply felt the need for good education facilities which was once lacking in this industrial town though it is just 130 kms away from Mumbai our financial capital. So the School was established in 2001 and it has completed 12 years. We feel proud of such establishment which was once visited by our beloved and most respected & visionary, H'ble Dr. A. P. J. Abdul Kalam (Ex. President of India). During his visit to our school he gave us a message "Breathe success thoughts" a lifetime inspiration for all of us. We cherish that moment of joy all these years and our children will prove the same. We have in every child a unique personality and our endeavour is to give them a proper finish so that they become a unique citizen of this unique place. With best of good wishes to all.

thy for thy Fu

Our Mission
